14) The Rev. Commr. is against the Continuance of the tentative arrangements made for supply of stationery to Taluk offices. The ~~main~~ grounds on which he bases his objection are :-

1. The quality of the articles supplied is inferior.
2. The quantities supplied are inadequate
3. The supplies are not made in time
4. The arrangement does not seem financially economical.

15) The Supdt of stationery however reports that the cost of the supplies to the Tks. amounted to Rs. 5168/- at the rates quoted for '21-'22 that the arrangement is more economical & may be made permanent -

objections of the Rev Commr are subdr:-

objection 1. The Complaints as to inferior quality is mostly in respect of pencils, penholders & ink powders. The inferior quality is mainly due to the Conditions created by the war & the paucity of funds. Good quality pencils, nibs & ink powders are being approved for purchase during 1922-23. As the quality will improve as prices go down.

objection 2. The quantities supplied are generally considered inadequate, but in the interest of economy, quantities have to be minimised. As qualities improve the complaints as regards quantities may subside.

objection 3. The Supplies to the Taluk offices was fixed late in June 21 & there was not sufficient time left for making supplies early in the year. Hence the supplies may not have been timely. Such delays are

SIR,

Referring to para 4 of G.O.No.G.25009-19/P&S 28-20-67 dated 27th June last ordering the supply of Stationery articles to the several Taluks of the State in addition to the papers that are hitherto being supplied from the Stationery Depot., I have the honor to state that the articles in question were supplied to all the Taluks, and the total cost of such supplies comes to Rs. 5,168-0-10 at the rates accepted for the year 1921-22, against Rs. 6,500/- calculated at the rates for the year 1920-21, as reported in my reply to Un-official file No. 131-20 of the 24th March 1921, thus effecting a saving of Rs. 331-15-2 in one year.

In this connection, I may submit that the rates accepted by the Stationery Depot for all articles are the lowest, being wholesale purchases direct from big firms, the supply of these to the several Taluks must naturally effect ~~annual~~ savings to Government, and to request therefore, that the system now ordered to be made tentatively for one year may be made permanent, and that an additional grant of Rs. 6,000/- may be provided every year to meet the cost of this supply.

request that very early orders may be passed on the subject.

4. The Deputy Commissioner of Tumkur is of opinion that the scheme is satisfactory except with regard to black-lead pencils penholders, needles, black and red ink- powders which are all of an inferior quality. He states that as the quantity supplied is inadequate, it may be increased by one half and the quality improved.

5. The Deputy Commissioners of Mysore and Hassan state that the present system of supplying the stationery articles from the Stationery Depot may be continued, while the Deputy Commissioner of Kadur reports that the arrangement has worked satisfactorily.

6. The Deputy Commissioner of Chitaldrug states that the articles are all inferior in quality and inadequate in quantity, that the reduced contingent allotment is insufficient for the purchase of oil, gum, etc., and that besides the cost of telegram etc., have to be met from contingencies. He is therefore of opinion that the old order may be resorted to or contingent grant may be raised by 20 or 25 rupees a year to each Taluk in addition to the arrangements to be made for supplying articles of better quality.

7. It will be seen from the Deputy Commissioners' reports that the quality of the articles supplied is inferior, and the quantity also insufficient. Frequent complaints are also being received about the delay in the supply of the articles. Further the arrangement does not appear to have been financially economical in-as-much as the Superintendent of Stationery, wants a provision of Rs.6,000/- for next year's supply while the reduction in the contingent allotment to Taluks in view of the supply of stationery articles from the Government Stationery Depot amounts to about Rs.5,500/-. The arrangement has this not only not resulted in any savings to Government, but has given room to complaints from Taluks as regards the

non-supply of articles in time, inadequacy of the quantity and inferiority in quality.

Sir,

With reference to your docket No.C.2456 G1. dated 3rd February 1922 calling for my report as to how the arrangement regarding the supply of stationery articles to Taluk offices from the Government stationery depot during 1921-22 has worked, I have the Honor to state that in the light of the experience gained till now, the several Amildars of this District have reported that the articles now supplied are of a very inferior quality and the scale fixed is also inadequate as it does not meet the actual requirements.

Consequent on he supply of stationery the fixed contingent allotment formerly sanctioned was reduced by one half which is insufficient for the miscellaneous articles such as oil, gum, candles, match boxes, pad ink bottles &c which are locally purchased. The cost of service stamps and the telegram charges will have also to be met from the contingent grant and the Amildars have found it very difficult to meet these charges and have applied to the District office for additional grant.

Under these circumstances I am of opinion that the old order of things may be restored or the contingent grants may be ~~revised~~ raised by 20 or 25 rupees a year to every Taluk in addition to the arrangements that may be made for supplying articles of better quality.

S i r,

With reference to your No.C. 2456/21-22 dated 3rd instant calling for my opinion Re. the arrangements made for the supply of stationery articles to Taluk Offices, I have the honor to - state that the majority of Amildars who were asked to report in the matter complain that the supply was not only belated but also poor in quantity besides the articles supplied being inadequate. They therefore seem to think it more advantageous to go back to the old system of allowing them to purchase these articles in local markets so that they may adjust the supply according to the requirements of their offices.

On examination of some of the articles sent by the Amildars along with their reports it was found that the blackled pencil is highly brittle and the inkpowder is inferior in quality. This being the first supply that Talukas have received ~~thxxxxhe~~ I would propose that the present system may be tried for another year, the Superintendent of Government Press being requested to make arrangements for a timely supply of a better quality of articles.

Enclosure No. 7

Sir,

With reference to your docket No:C.245 Gl.21-22 dated 3-2-1922, calling for a repo on the working of the proposals sanctioned i G.O.No:G.25009-19/P & S. 28-20-67 dated 27th June 1921, re: the supply of stationery Arti cles to Taluk Offices during the year 21-22, I have the honor to enclose herein in origir the reports received from the Amildars of Ko Bowringpet, Chintamani, Srinivaspur, Chikbal pur, Malur and Gudibanda (Sub) and to state that, from the reports enclosed, it may be seen that there is a common complaint from all the Amildars that the articles supplied are quite insufficient and what is worse, that blac led pencils, pen-holders, needles &c., are of very inferior sort.

The Amildars of Kolar, Srinivaspur, Malur and Gudibanda (Sub) are in favour of the supply of articles as sanctioned in the G,O. under reference provided good and durable ones suppli with some additional quantity while those of Bowringpet, Chintamani and Chikballapur report

at it would be better to continue to allow them to make local
rchases as the present articles supplied by Government Stationery
pot are quite inferior and insufficient. It is also a common
mplaint that Bengal twine is of no use in the Taluk offices and
at Thablac thread which can be had locally will be more useful. It
also reported by the Amildar Bowringpet, that (better articles except white reel thread
d Bengal twine were not supplied to him at all!!

Judging from the highly inferior quality of stationery
ticles that are now being supplied to the different offices and
eing what little effect has been produced by representations to
e Superintendent, Stationery Depot, I fully sympathise with the
ildars in the complaints and I am strongly of opinion that in
e interests of efficiency, in
e absence of supply of a sufficient quantity of durable articles
is better to allow the Amildars have recourse to local purchases
thin the amount allotted to them as per rules in which case there
ll not be any room for such complaints.

The reports from the Amildars of Lulbagal, Sidlaghatta,
gepalli and Goribidnur have not yet been received.

I have the honor to be,

With reference to the above beg to report that the stationary articles were supplied to this office on 8.11.21 and the quantities supplied were as reported in this office no: 198 dated 10.2.22.

The cost of the articles supplied as per existing Bazaar rates come up to nearly Rs: 45/- If the said articles are purchased wholesale, the cost will surely be lessened.

2. The allotment for this Taluk is only Rs: 110/- per year and the inadequacy of which has been represented more than once and increased allotment prayed for.

3. If half of the existing allotment is met towards the tariff, it will be Rs: 55/- or Rs: 10/- more than the cost and the balance of Rs: 55/- is quite insufficient for the purchase of the articles not supplied. As already reported the articles supplied are of a very inferior sort and

GM

and if articles are allowed to be purchased locally greater economy could be exercised and articles of a superior quality purchased.

H.C. 21/2

I have the honour to report for compliance under No 48 dated the 16th February, 22 regarding — the submission of a report on the working of the arrangement for the supply of stationary articles, the undersigned begs to invite your reference to his No 402 dated the 13th February, 22. He further begs to state that the Collector of Customs (Establishment) has taken into consideration the case of Assistants, having an emolument of Rs 250 and upwards, the case of Clerks, the present staff including the under Assistants in the 22 Lands. The Landing Waiter is also to be added, though he is paid from the Sea Customs Board. The total number of hands will be 23. Hereunder the previous Assistant/Supply record is for 23 Lands.

2. The undersigned begs to think, that the arrangement is a good one and may be continued in future years also. The only defect in the quality of stationary supplied by the Supply are ordinary pencils. These pencils are makers and do not last even for a week. Arrangements may kindly be made to supply good Faber pencils at the rate of 3 per each Official, per annum, with the extra quantity of leads and to like Sharpe Knives. This supply is as per Office Report No 402 dated the 13th February 22 enclosed

With reference to the above, begs to State that the Stationary articles from the Govt. Depot were received at the end of October 192. With the exception of white Reel thread and Bengal twine, the rest of the articles are of very inferior quality, especially the Black lid Pencils do not Serve the purpose for which it is intended, while the experience of the last 3 months has clearly proved that the scale fixed for ink packets for each official is very meagre and that the work, could not be pushed through without the Same being Supplimented by local purchase.

Sir,

With reference to your memo No. Ref. H.C. 348 of 21-22 Dated 9th February 1922 calling for a report as to how the Supply of Stationery articles to Taluk Office worked during these three months I beg to submit that:-

The marginally noted articles were supplied from the Government Stationery Depot Bangalore in the end of October 1921 to be used for the rest of the current year.

I beg to state that the present arrangement of supplying articles through from the Government Depot is to be observed to the Local purchase provided

provided that good and durable articles are supplied in quantities at least just sufficient for all the 12 months. If bought locally, it is not only impossible to meet the most economical demand of the office requirements, within the amount allotted for the purpose but it is also a profitable concern & trick to buy these things in large quantities and supply to various talukas, when compared to the local purchase of small quantities at the prevailing high market rate in different localities.

About the qualities of the articles now supplied, I beg to bring to your notice. That almost all the articles now supplied are of very inferior sort especially Holders, Pens and needles are very bad. With regards to black ink powder, as per directions on the packet, 3 bottles ought to be prepared from one packet whereas only half the quantity of good ink can be prepared out of the quantity. So also with red ink powder.

Three knives and two scissors are absolutely necessary for the

not entered in the P.O.

use in the Sadar Office for preparing
envelopes and for sending files
very frequently and they may
be arranged to be supplied.

Generally 'Tabaluk' thread
is required in large quantity
for the use of all the branches
and especially in the Record
Section of the Office. Bengal twine
cannot be used in place of 'Tabaluk'
thread. It may therefore be supplied
by the Depôt or the allotment may
be enhanced so that it may be
purchased locally.

Under these circumstances
I beg to request that supply of good
articles may be kindly arranged
as per enclosed indent for the
year 1922-1923, which is prepared
on a most economical basis and
well scrutinized.

I beg to remain

No. NO. 179/21-22.
Dated 14th/15 February 1922

Sir,

With reference to your memo No RHC.348/21-22 dated 7th February 1922, calling for a report about the working of the stationary articles.

I beg to state that the supply for the year 1921-22 was received only in the month of November 1921 and even the quantity supplied was found insufficient in many respects viz: Ink powders, Pen holders, Pencils, Nibs, Stitching-thread and Khakhi-thread etc.

In Taluk offices the number of correspondence is greater when

when compared with the work of other offices.

The Record-branch of the Taluk offices requires large quantity of Nakalak-thread and Twine.

The Shanbhogues attending the Taluk office for preparing the accounts &c, use the ink of the Taluk office and it would be too hard to prevent them from using it on the ground of their receiving separate stationary allowance for Contingent charges. They cannot carry ink bottles from their villages whenever they happen to go to taluk office.

Now the value of stationary articles as well as the value of oil &c has gone very high. The contingent allotment was sanctioned when caster oil was sold at one anna a seer and gram at one or 2 annas a seer. Now these are sold at 5 annas a seer each. —

Considering all these difficulties an additional grant over the fixed allotment was proposed but it does not seem to have met with the approval of government and the arrangement of supplying stationary articles was introduced last year. The quantity supplied was found insufficient as above represented.

I therefore request that an additional grant of Rs 10/- over the present allotment of Rs 15/- making a total of Rs 25/- may kindly be sanctioned and the previous practice of purchasing the articles locally be continued. If this is sanctioned it will be convenient for the local officers to adjust themselves according to the requirements of the taluk offices, and in many cases local purchases are also much cheaper and thus a larger quantity can be purchased and distribute among the officials without any

complaint from them.

(bb) Of course the present practice of supplying the different kinds of papers, blotting paper &c may be continued.

I beg to remain,
Sir,
Your most obedient servant
